Comm/Comirex

PSG/R&RD-67/70
27 February 1970

MEMORANDUM FOR: NPIC Member/COMIREX

X1 ATTENTION: [redacted]

SUBJECT: NPIC Implementation of Revised Country Codes

REFERENCE: (a) NIDBWG/COMIREX Minutes of 4 February 1970 (NIDBWG-M-71)
(b) IEG Memo, Same Subject, IEG/OD-70/70, 18 February 1970 (Attached)

1. At the request of the Chairman of the Data Base Working Group, a tentative plan was reported to the NIDBWG on 18 February 1970 for adopting the new country codes for the Installations Data File (IDF), the Object Data File (ODF), and the Exploitation Products Data File (EPDF).

2. The following is that report:

a. Due to the slippage of Mission 1109, the most opportune time for NPIC to implement the country code changes in the IDF would be 2 March through 9 March 1970.

b. The scheduled date of conversion for the ODF and the EPDF was stated as 31 March 1970.

3. Subsequent conversations with [redacted] IEG/OD, revealed the actual date for conversion in the IDF to be 4 - 11 March 1970. The date for the ODF and EPDF will remain the same as stated above. 25

4. The conversion of these three files will be accomplished with very little manual review and man-hour expenditure. This is due to the majority of the changes being accomplished by programs and the computer.

5. If there are further questions, please call me on extension 25X1 [redacted]

MEMORANDUM FOR: NPIC Representative, NIDBWG

THROUGH: Chief, Imagery Exploitation Group, NPIC

SUBJECT: Implementation of Revised Country Codes

In accordance with our discussion of 17 February 1970, this is to inform you that IEG in conjunction with PSG/AID plans to implement the new country codes between 2 and 9 March 1970. This time has been selected because it represents a period when we shall be least involved in the production of OAK and OAK Supplement reports. The country code is used as a primary sort item in both the WWIPIR and hard copy report. This time frame is most advantageous to IEG because of the recent change in mission schedules.
